CONTRACT NOTICE

CALL FOR TENDER: GENERAL INFORMATION

I.1) Name and address Contracting Authority

Official name: Italian Agency for Development Cooperation (hereinafter AICS) – Beirut Office

Postal address: Kettaneh Building, 1st Floor, Presidential Palace Street

Town: Baabda, Mount Lebanon, Lebanon

E-mail: infolebanon@rscp-madad.org

Internet address: <http://rscp-madad.org/en/Tenders>;

<https://beirut.aics.gov.it/home-ita/opportunita/avvisi-forniture/>

II.1.1) Title:

Qartaba Concrete Water Channels

Publication Ref. No.: RSCP/LB/CALL/004 CIG ZD82EB7C7F

II.1.4) Short description of the contract

The subject of the Contract for Works is the construction of rainwater channels along the sides of the roads of Qartaba village, Caza Jbeil, Mount Lebanon governorate, in order to drain excess water from the roads and to avoid floods in winter seasons, cars accidents and deterioration of the roads' infrastructure, and therefore to protect the roads and to maintain the safety of the people.

The works will include cutting and removal of existing asphalt layers, earthworks (excavation/filling), compaction, blinding and reinforced concrete works for the channels, covers, manholes and culvert pipes crossing roads, including connections to existing manholes and culverts.

This Project shall follow the guidelines on Employment Intensive Projects (EIP) to provide public services and infrastructure projects along with the generation of immediate jobs, decent work and income opportunities for the affected population. Whilst EIPs aim at short-term opportunities, they should additionally aim at the provision of public infrastructure and services that support longer term social, environmental and economic development, including secondary employment effects.

EIP should ideally apply work methods and technologies where the use of local human resources is favoured and optimised, without adversely affecting the costs and quality of the specified works.

The selection of man labour shall be carried out according to Employment-Intensive approaches as follows:

- At least 25% of the total project cost has to be spent on man-power / labour;
- At least 50% of the man-power employed for the works has to be from Syrian refugees;
- The Contractor is encouraged, to the extent practicable and reasonable, to employ staff and labour from sources within adjacent of the project area;
- It is advisable to have on site, on a daily basis and for the whole period of execution of the works, on average between 10 and 15 labours (whether skilled and un-skilled).

AICS will contact an external Labour Monitoring Entity to monitor the management of the Employment Intensive approaches with respect of the Lebanese labour law by the contractor.

II.1.5) Estimated total value

Value excluding VAT: 467,500 (four hundred sixty-seven thousand five hundred) Currency: EUR
